ADA Paver

River Red

The preferred paving alternative to typical ADA compliant surfacing, Pavestone's ADA Paver features truncated domes. The domes are designed to alert pedestrians and in some applications, motorists of potentially dangerous situations.

Venetian Stone™

Pave Stones

The Venetian Stone™ product advent is the latest development in enhanced pavements. Its uniquely attractive cleft surface sets it apart from other pavement treatments. This texture resembles old world charm and invokes a traditional convention. The Venetian Stone™ larger scale lends itself to stately residential settings and more expansive commercial applications. Its modular pattern equalizes the scale of any project and is fitting to most any architectural elements.
